

## TORINO ISLAND

Inspired by Italy's post-war fascination with American pop icons, Torino's striking glass island canopy takes its shape from the simple elegance of the Martini glass. The sculpted glass canopy can match your kitchen's mood with your choice of green, blue, red or yellow. Torino is sure to turn a few heads, not only for its ultra-contemporary look, but also for the infrared remote control that lets you adjust power and light from a distance.
