JTP20BF/CF/WF – GE 30" Built-In Single Oven

Optional Undercounter Installation with 36" Gas Cooktop (in inches)

Side View

Undercounter Installation (in inches)

Optional Undercounter Installation With 30" CleanDesign or Sealed Burner Gas Cooktop (in inches)

Side View

This installation is to achieve minimum gap between bottom of countertop and control panel.

Note: For this installation, the bottom trim **will not** be flush with a typical 4" toe kick.

Note: Cabinets installed adjacent to wall ovens must have an adhesion spec of at least a 194°F temperature rating.

Note: 36" ribbon cooktops (excluding JP968) are approved for use over GE 30" single wall ovens only. 30" ribbon cooktops (excluding JP938) are approved for use over GE 30" and GE 27" single wall ovens. Model JP938 can be installed over 27" wall ovens except stainless model JK915 and JK912SF. Refer to cooktop and wall oven installation information packed with products for current dimensional data.

Installation Information: Before installing, consult installation instructions packed with product for current dimensional data.
