For reference only, See the cooktop data plate for exact specifications.

ELECTRICAL SUPPLY REQUIREMENTS

NOTES:

- Cooktop is supplied with a flexible conduit consisting of two (2) insulated hot lead conductors (both copper) and one (1) insulated ground conductor (copper).**
- These cooktops are not approved for recessed installation.**
- All power conduits are located in the back right corner of the cooktop.**
- See the Combination Installation (CI) section if installing with a downdraft, wall oven or warming oven.**
