

## Model 424 Undercounter Wine Storage

Better wine storage conditions for the bottle ultimately means better enjoyment in the glass. Undercounter Model 424 has a wine storage capacity of 46 (750 ml) bottles. Two independent storage zones maintain the temperature and humidity that wine—and wine lovers—require. Model 424 is available in the overlay and classic stainless steel design applications.

Model 424/S with classic stainless steel finish shown.

### Features

- Overlay and classic stainless steel design applications.
- Standard full-view glass door with UV protection—solid door and high altitude glass door model options available.
- Two independent temperature zones with ideal humidity.
- Sturdy, rustproof wire shelves accommodate standard 750 ml bottles, half-bottles, as well as magnums.
- Two top-zone standard shelves with 16 (750 ml) bottle capacity.
- Three bottom-zone standard shelves with 24 (750 ml) bottle capacity.
- Fixed bottle holder with 6 (750 ml) bottle capacity.
- Discreet low voltage interior lighting.
- Optional lock and tie-in to home security system.

### Enemies of Wine

**Heat** – Two independent storage zones can be set in a range of 38°F to 65°F, with one-degree digital accuracy.

**Light** – UV resistant bronze tinted glass shields wines from harmful rays.

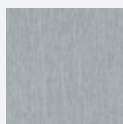

**Humidity** – Dual evaporators, one for each storage zone, maintain steady, moderate humidity.

**Vibration** – Sub-Zero's quiet compressor lets wines rest undisturbed. Shelves glide out smoothly, providing access without agitating the wine.

For additional information on the Enemies of Wine, visit [www.subzerowine.com](http://www.subzerowine.com).

With the installation of a harness kit, this appliance is certified by Star-K to meet strict religious regulations in conjunction with specific instructions found on [www.star-k.org](http://www.star-k.org).
