

Installation Instructions

Interchangeable Panel PS26SPLSS

If you have questions, call 800.GE.CARES (800.432.2737) or visit our website at: www.ge.com

Before you begin – Read these instructions completely and carefully.

Kit Contains: 1 Panel
Installation Instructions

STEP 1

- Prior to handling the panel, remove any jewelry or other objects that might scratch the surface of the panel.

STEP 2

- Use soap and water to clean the refrigerator side surface to which the panel will be applied.
- Make sure the refrigerator side surface is completely dry before installing the panel.

STEP 3

- Remove the protective film from the front of the panel.

STEP 4

- Position the panel so the L shaped flange will rest on the top of the refrigerator. See Figure 1.

STEP 5

- Align the front edge of the panel with the front edge of the refrigerator case. Ensure that the front edge of the panel does not interfere with the door when the door is fully opened. See Figure 2.

STEP 6

- Gently apply pressure with your hand along all four edges of the panel to ensure the magnetic strip is pressured against the side of the refrigerator.

STEP 7

- Clean the panel with a commercially available stainless steel cleaner such as Stainless Steel Magic™, if needed.
