

⚠ DANGER
Risk of Child Entrapment
BEFORE YOU THROW AWAY YOUR OLD REFRIGERATOR OR FREEZER:

- Take off the doors.
- Leave the shelves in place so that children may not easily climb inside.

IMPORTANT: Child entrapment and suffocation are not problems of the past. Junked or abandoned refrigerators are still dangerous... even if they will sit for "just a few days."

⚠ WARNING

ELECTRICAL SHOCK HAZARD
 Plug into a grounded 3-prong outlet.
DO NOT remove ground plug.
DO NOT use an adapter.
DO NOT use an extension cord.
 Failure to follow these instructions could result in fire or electrical shock.

(115 volt, 60-Hz, 15 amp, fused, electrical supply is required. It is required that a separate circuit serving only this appliance be provided.
