

# With an unparalleled array of choices, Dacor's line of 36" BOTTOM FREEZER REFRIGERATORS makes it easy to sell a complete kitchen.

<p><b>Different Design Combinations</b></p>	<p>Modular design system allows your customers to mix and match the Epicure®, Preference® and Millennia® handles with any exterior design.</p>
<p><b>Electronic Control Panel</b></p>	<ul style="list-style-type: none"> <li>• Allows easy access to distinctive hidden features.</li> <li>• Precision fingertip control for both top and bottom compartments.</li> <li>• Distinctive and easy to read digital temperature display.</li> </ul>
<p><b>Max Cold</b></p>	<ul style="list-style-type: none"> <li>• Decreases fresh food and freezer temperature to the minimum. Great when door has been open for an extended period or when loading warm foods</li> <li>• Deactivates automatically after 24 hours or when button is pressed.</li> </ul>
<p><b>Automatic Ice Maker with Fast Ice Function</b></p>	<ul style="list-style-type: none"> <li>• Ice maker is located out of sight in the bottom freezer.</li> <li>• Water dispenser is conveniently located on left side wall of the fresh food section.</li> <li>• Fast Ice reduces to the optimum freezer temperature for 24 hours in order to produce more ice. Great for events and parties!</li> </ul>
<p><b>Temperature &amp; Humidity Controlled Compartments</b></p>	<ul style="list-style-type: none"> <li>• Two Crisper Drawers provide a higher humidity environment for fruits and vegetable with adjustments so fresh food stays fresher longer. Includes adjustable humidity controls.</li> <li>• Large deli drawer is the full width of refrigerator for large party trays and meats. It also comes with a divider when sections are needed.</li> <li>• Temperature control adjusts amount of cold air allowed into drawer.</li> </ul>
<p><b>Adaptive Defrost</b></p>	<ul style="list-style-type: none"> <li>• Energy saver! Defrosts based on compressor run time. This means that it will only defrost after 4 hours of accumulated compressor run time, and it will stay in the defrost cycle no longer than necessary.</li> <li>• Prevents rise in freezer temperature reducing freezer burns!</li> </ul>
<p><b>Water Filtration System</b></p>	<ul style="list-style-type: none"> <li>• Water Filter is conveniently located in the upper right hand corner of the refrigerator.</li> <li>• A yellow Alert button will illuminate when 90 percent of the volume of water limit allowed has passed through filter or eleven months has elapsed since filter has been installed</li> </ul>
