FRENCH DOOR

Tall Ice & Water Dispensing Center

The dispenser is nearly 12" tall, making it the industry's tallest water dispenser. Add to that an easy access water tap, slide out pitcher rest, and dual activation and you have a Tall Ice & Water Dispensing Center that makes it easy to fill all shapes and sizes of containers with the filtered ice and water you love.

Sophisticated Design, Inside & Out

Only with LG's exclusive styling package will you get contoured doors, hidden hinges, and other features that present a sophisticated and refined look.

SpacePlus[™] Ice System

Enjoy 11% more usable freezer space thanks to the selfcontained ice maker located in the freezer door. Now you can store that additional gallon of ice cream or a few more favorite frozen pizzas! The ice storage bin is also removable for portability and easy cleaning.

Environmentally Friendly

All LG French Door refrigerators are Energy Star® rated, which means they use at least 20% less energy than required by current federal standards. And LG uses Cyclopentane to insulate the refrigerator – an environmentally friendly material.
