Model 427R
Wine Storage with Refrigerator Drawers

Better wine storage conditions for the bottle ultimately means better enjoyment in the glass. Model 427R has a wine storage capacity of 78 (750 ml) bottles and offers two refrigerator drawers for soda, beer and snacks. Three independent storage zones maintain ideal temperature and humidity. The integrated design allows the unit to merge seamlessly into the décor. Accessory panels are available in three stainless steel finishes.

Model 427RG installed next to Model 736TC(I) Integrated Refrigerator/Freezer.

Features

- Integrated design blends invisibly into custom cabinetry
- Standard full-view glass door with UV protection—solid door and high altitude glass door model options available
- Three independent temperature zones with ideal humidity

Accessories are available through your Sub-Zero dealer. To obtain local dealer information, visit the Showroom Locator section of our website, subzero.com.

Enemies of Wine

Heat – Three independent storage zones can be set in a range of 38˚F to 65˚F, with one-degree digital accuracy.

Light – UV resistant bronze tinted glass shields wines from harmful rays.

Humidity – Three evaporators, one for each storage zone, maintain steady, moderate humidity.

Vibration – Sub-Zero's quiet compressors let wines rest undisturbed. Shelves glide out smoothly, providing access without agitating the wine.
