

## small package. huge grilling surface. real Weber technology. **damn good looking.**

**even your sister can carry it.** At 31.5" folded, the Q™ is small enough to take just about anywhere, anytime. It's 100% genuine Weber packaged to go.

**it feeds small armies.** A 280 square-inch porcelain-enamelled cast-iron cooking grate lets you grill up to 10 king-size strip steaks or 14 burgers and brats at the same time. A 7" tall capacity lid can cover a whole chicken or just about anything the size of a watermelon.\* Chow down.

**it looks different for a reason.** The Q™ was inspired by cute little European cars, really cool spy gadgets, and all of those little animals who take their homes with them. It's the latest in Weber technology and design for a grill that not only looks like it's from the future, but will last far into it.

**it comes "Weber loaded."** This isn't just a grill, it's a new way of life. Well maybe it's not that epic. But for those of you really into your grilling, every Q™ comes with Q Cards™ – a recipe deck developed just for the Q™ including grilling how-to's – and a free subscription to *The Grill Out® Times*, Weber's tri-annual newsletter packed with recipes, tips and stories.\*\* Plus, toll-free 24/7 customer service is just a call away for when you need a quick grilling tip or to brag about your perfectly cooked fish.

\*O.K. maybe not one of those huge watermelons, but definitely a small one.

\*\*Rules, rules, rules. You gotta register your Q.™

dress it up and take  
it out. **more cool stuff**  
for your Q.™

### **Weber® Q™ Rolling Duffel Bag**

Carry it or pull it. This heavy-duty rolling duffel bag has large cargo handles on top and both sides, plus three inline-type skate wheels. It's easy to clean (inside and out), and there is plenty of room to stuff barbecue mitts, aprons and other grilling gear. You can even race your friends.

Article #16134

### **Weber® Q™ Rolling Cart**

Ingenious. Foldable. Compact. And just the right height for standup grilling. Roll your Q™ hybrid gas grill from parking lot to picnic, in transport mode. Or stay firmly in place with locked cart mode – whichever way you want to Q.

Article #41432

### **Weber® Q™ Stainless Steel Tools**

Look good while you Q with this spatula and tong set. Durable stainless steel with handles that snap under the built-in tool bar (under your right-hand swing-out table), makes for easy storage and transport.

Article #16138

### **Weber® Q™ Vinyl Cover**

Keep your Q™ clean and out of the elements with this fitted heavy-duty cover. Elastic side bands and a front draw cord limit the possibility of updrafts detaching the cover, and keep it out of sight from those jealous neighbors.

Article #9895

### **Weber® Q™ 20-lb. Tank Adapter Hose**

You can Q all night long without changing a tank with this 46-inch long high-pressure hose with fittings to adapt your Q™ to a standard 20-lb. LP tank. Now you can Q long enough to feed a small army.

# compact, powerful...but no, it can't fly.

## compact

Measures just 31.5 inches from tip-to-tip with the tables stored. 51.5 inches tip-to-tip with the tables unfolded. 23 inches deep, and 25 inches high with the lid open.

A 280 square-inch porcelain-enameled cast-iron cooking grate, with integrated burner guards to protect and prolong the life of the burner.

7 inch high capacity lid provides enough space for cooking large foods such as a whole chicken and ribs to perfection.

Large lid handle is made of heat-resistant materials and designed for easy grip while wearing a grilling mitt.

Durable cast aluminum lid and body with built in drip ducts to channel away juices and drippings.

Two super-durable work tables with built-in tool holders conveniently fold and store inside the grill. (Tools sold separately.)

Push-button ignition for easy, reliable lighting.

Sturdy glass-reinforced nylon grill frame.

Easy-to-reach drip tray makes for quick clean up. Uses small Weber® drip trays.

Tubular stainless steel burner delivers consistent heat across the cooking surface.

## powerful

Infinitely adjustable burner valve and high-quality regulator allows for total control of cooking temperatures. 12,000 BTU-per-hour input.

Fueled by a standard 14.1 ounce propane cylinder (sold separately) for up to 1.5 hours of continuous grilling.

**grill this.** The Q™ hybrid gas grill isn't a cheap imitation. It's 100% genuine Weber, and the first gas grill that can act as both a full functioning backyard grill and a portable gas grill. However you decide to use it, steaks will sizzle, salmon will sing, and neighbors everywhere will be green with envy.

Ready to use out-of-the-box in less than five minutes.

Weights just 41 pounds in the carton.

14.5 inches tall with the lid closed.

25 inches tall with the lid open.
