## ZV850SB—GE Monogram 36" Stainless Steel Island Vent Hood

### Dimensions and Specifications (in inches)

\*26-1/4" for 8 ft. Ceiling  
Using ZX858 Accessory

38-1/8" for 9 ft. Ceiling  
Using ZX859 Accessory

50-1/8" for 10 ft. Ceiling  
Using ZX8510 Accessory

**This vent hood is designed to be used in vented ceiling mounted installations.**

Note: Accessories to meet proper ceiling height are required to complete the illustrations

**Accessories:**

ZX858—For 8 ft. ceiling height.  
The kit includes decorative duct covers and support the frames to reach an 8 ft. ceiling height.

ZX859—For 9 ft. ceiling height.  
This kit includes decorative duct covers and support the frames to reach an 9 ft. ceiling height.

ZX8510—For 10 ft. ceiling height.  
This kit includes decorative duct covers and support the frames to reach an 10 ft. ceiling height.

Order the required accessory at the same time as the vent hood and have on site before installation.

\* The distance between the cooking surface and the bottom of the hood must be at least 24" and up to 30". The 25-1/2" recommended installation height, above the standard 36" countertop, will insure duct cover for to the ceiling.

## ZV850SB—GE Monogram 36" Stainless Steel Island Vent Hood

\*The vent hood must be installed 24" min. and 30" max. above the cooking surface. 25-1/2" is recommended to insure that the duct cover meets the ceiling.

### **Dimensions and Clearances:**

The vent hood should be installed 25-1/2" above the cooking surface. The cooking surface should be at least 36" above the floor. Installation will be easier if the vent hood is installed before the range or cooktop/countertop is installed.

**Installation Information:** Before installing, consult installation instructions (Pub. No. 49-8970) packed with product for current dimensional data.
