

ZFSB25DXSS

GE Monogram® 24.6 Cu. Ft. Free-Standing Stainless Steel Refrigerator with Dispenser

Dimensions and Specifications (in inches)

Additional Specifications:

A 115 volt, 20 amp power supply is required. An individual properly grounded branch circuit or circuit breaker is recommended, as noted on the rating plate.

Installation Information:

Before installing, consult installation instructions, packed with product, for current dimensional data.

Clearances:

- Allow 1/8" on each side and 1" at the top and 1-1/2" at the back side for proper air circulation.

Installation in a corner:

- Allow 4" min. clearance on each side for a 90° opening and access to drawers.
- Allow 14-1/4" clearance on the freezer side for removal of ice bin.
- Allow 19" clearance on the fresh food side for removal of drawers.
