1.7 cu. ft. Over-the-Range Speed Oven Microwave

Speed Cooking

Combination of convection heat and microwaves cooks faster than a traditional microwave oven. Fresh vegetables less than 2 minutes. Roasted chicken in 14 minutes. Two potatoes will bake in 11 minutes

300 CFM Ventilation:

Samsung's powerful ventilation system quickly and quietly eliminates any food odor.

Electronic Touch Control:

Lets you easily program the desired cooking time and power level, at the gentle press of a button, for error-free results every time.

Digital Cooking Timer:

Provides precise readouts of elapsed cooking times for all dishes, in increments up to 99 minutes and 99 seconds.

Three-Stage Programmable Cooking:

Vital time-saving function that allows you to easily program initial defrost plus a corresponding two-step recipe for that food simultaneously.

More/Less Time Adjust:

Adjusts the cooking time for any of the instant cook pad selections. While the oven is cooking, more/less automatically adds or subtracts time from the instant cook selection.

Auto Defrost:

Functions efficiently based on the weight of the food being cooked. Simply select the weight, and the microwave does the rest.
