Smooth White

Smooth Black

Stainless Steel

ENERGYSTAR® qualified models use at least 15% less energy than required by current federal standards. LG's Energy Star refrigerators allow consumers to save money, energy and protect the environment.

FRENCH DOOR

Wide Open Spaces

Open the three doors and take a step back. You will see a panoramic view of gallon size bins, slide-out shelves, and OptiBin™ drawers to accommodate all your fresh food at eye level. In the freezer, stare in amazement at our deep, spacious drawer. The perfect home for your large frozen turkey.

Multi-Air Flow Cooling

Vents are located on every shelf for even air distribution and longer lasting food freshness.

Digital Temperature Controls

Ensure precise temperature control in the refrigerator and freezer compartments. Located upfront in the fresh food section, the digital controls are within easy reach when the door is open.

OptiBin™ Crisper

Optimizes humidity, extending life of most fruits and vegetables with the innovative Magic Crisper. The intelligent design of the crisper lid automatically lifts out of the way when the door is opened.

BioShield™ Anti Bacterial Seal

Unique feature prevents mold and mildew from building up on the door seal.
