24 cu. ft. Counter Depth Side by Side Refrigerator with In-Door Ice Maker

Twin Cooling Plus System®:

Delivers superior food preservation results usually found only in advanced commercial-grade cooling systems. Twin Cooling Plus System®, the next generation of Twin Cooling® technology, uses two evaporators with only one compressor to independently control temperature in the refrigerator and freezer compartments to maintain optimal humidity levels and prevent odor transfers between compartments.

Power Freeze and Power Cool Options:

Adjusts the temperature quickly when the refrigerator or freezer compartment needs to be cooled due to repeated door openings.

Multi Air Flow:

Provides even cooling throughout the refrigerator to maintain optimal temperatures to keep food fresh.

External Digital Display and Control:

Controlling the refrigerator is easy with the external digital display. It shows the inside temperatures, when to change your filter and also controls the ice and water dispenser.

Premium Design In-Door Ice and Water Dispenser:

Quick and easy access to filtered water and cubed/crushed ice at your fingertips with the external dispenser.

LED Tower Lighting:

See everything in a new light with LED Tower Lighting.

Water Filter:

Samsung's premium external ice and water dispenser provides filtered water and ice without sacrificing your interior space.
