PTWN6050M
GE Profile™ 4.3 IEC* cu. ft. stainless steel capacity washer

Features and Benefits

- ENERGY STAR® qualified and CEE Tier III rated - Meets or exceeds federal guidelines for energy efficiency for year-round energy and money savings

- HydroWave wash system with HE LoWater wash and Infusor™ - Utilizes the concentrated power of HE detergent, requiring less water than a traditional topload washer to get clothes clean

- PreciseFill - Washer will automatically measure the load size and add just the right amount of water

- 700 RPM spin speed - Fast speeds remove more water during the spin cycle to minimize drying time

- GE Profile warranty - Offers a lifetime warranty on the stainless tub and a limited ten-year parts warranty, providing peace of mind and dependability See written warranty for details

- Cycle countdown display with LED indicators - Know exactly how much time is left for each cycle with bright display and lights

- Handwash Cycle - Provides effective yet gentle cleaning action for delicate fabrics

- 6 wash/rinse temperatures - Multiple settings offer a greater degree of control over fabric cleaning and care

- Model PTWN6050MWT – White

Modified Energy Factor (MEF)	2.20
Water Factor (WF)	4.50
