

ES1

As proud as we are to offer Zephyr's first Energy Star rated hood, it's only our first step toward bringing more green elements into our designs. Ideal for renovators looking for cost-effective reliability, ES1 cuts energy consumption by about 65 percent over the hood's lifespan, and is finished in stainless steel, black or white.

ESSENTIALS

ES1

UNDER CABINET

MODEL	ES1-E30 (AB, AW, AS)
SIZE	30"
NET WIDTH	29 7/8"
PERFORMANCE	
Internal Blower	280 CFM
Internal Blower Sones	0.9 at normal speed*
COLOR	
Black, White, Stainless Steel	B, W, SS
FEATURES	
Controls	Mechanical Push Button
Auto Delay-Off	NA
Speed Levels	3
Lighting	Compact Fluorescent, 13W x 2
Dual-Level Lighting	NA
Filters	Aluminum Mesh x 2
Recirculating	NA
DUCT SPECIFICATIONS	
Internal Blower (vertical)	3-1/4" x 10"
Internal Blower (horizontal)	3-1/4" x 10"
AC INPUT	120V - 60Hz
AC POWER	Max 115W, 1.2 Amps
REPLACEMENT PARTS	
Fluorescent Bulb, PLC13 13W	Z0B0024

Mounting Heights

Min. height 20" from cooking surface for electric, 24" from cooking surface for gas.
Max. height 30" from cooking surface.

* 6.5 sones at high speed
