

## SCFF44FROST

33.88" x 18.5" x 21.38" (H x W x D)

Commercially approved beer froster with digital thermostat to hold aluminum bottled beer at 24° F; frost-free with stainless steel door and black cabinet

### Highlights:

Commercially approved for use in food service establishments

Operates at 24° F to bring aluminum bottled beer just above the freezing point

Digital thermostat with external readout for easy and precise temperature control

Stainless steel door adds modern luxury to any setting

Commercially approved

ETL-S Listed and CalCode Compliant

24° F operation

Ideal temperature to hold beer in aluminum bottles at its coldest

Fully finished black cabinet

Allows the unit to be used freestanding

Stainless steel door

Professional style with a luxurious stainless steel door

Top-mounted compressor

Eliminates the usual compressor shelf to provide more storage room at the bottom of the unit; compressor is concealed behind sealed top compartment

Frost-free operation

Let the appliance do the work with a timer defrost that continuously prevents ice from forming inside

Digital thermostat

Precise temperature management at the touch of a button, with an external display for added convenience

Casters

Four sturdy casters are installed for smooth mobility and easy cleanup

Cantilevered shelf

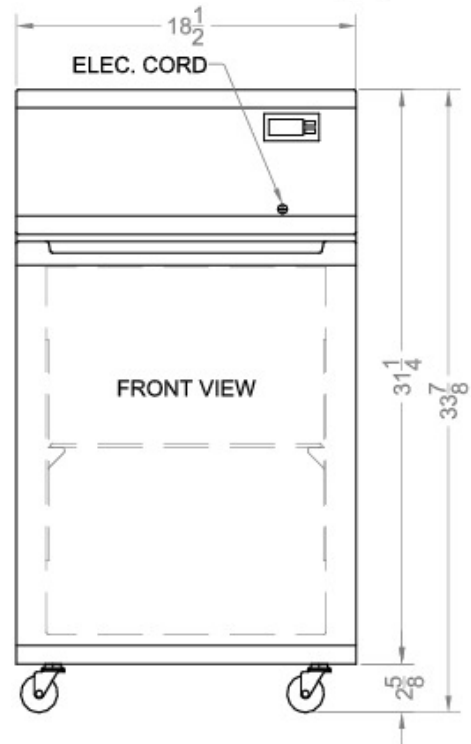

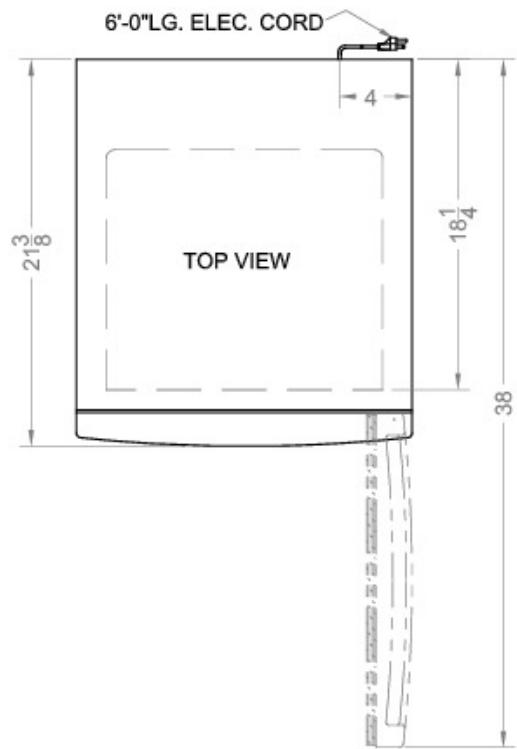

Adjustable shelf can easily be set at any position to accommodate contents

Fluorescent light

Energy efficient lighting throughout the interior

## Specifications:

Height	33.88"
Width	18.5"
Depth	21.38"
Interior Height 1	20.13"
