Convenience:

- Hot Surface Indicator Light
- Auto Oven Light
- Proofing
- Sabbath Mode
- Kitchen Timer
- Delay Start
- Auto Shut-Off Option
- Child Safety Lock
- Pyrolytic Cleaning (2/3/4 hrs.)
- 6 Easy Cook Pre-Sets

Samsung's Induction cooktop elements boil water faster than the electric cooktop elements. They are more energy efficient, and it remains cooler to the touch than gas or electric cooktops. Samsung is combining this extraordinary performance with incredible value by providing two induction and two radiant cooktop elements, a 5.9 cu.ft. Three-Fan Convection oven, and a warming drawer all for the cost of a hybrid induction cooktop.

Cookware for Induction Elements

The induction elements can only use cookware that is made of **ferromagnetic material**, such as steel or cast iron. If a magnet sticks to the bottom of the pan, it will work with an induction range. The electric radiant elements can use any cookware.

Design/Style:

- Electronic Glass Touch Controls with Digital LED (Blue and Orange Colors)
- Widescreen Oven Window
- Three Chrome Oven Racks with
 - Seven Rack Positions
- Hidden Bake Element
- Cleaner Cooktop (2.5oz), Broiler Pan and Cleaning Pad

Color:

Stainless Steel

FEN500WX

Samsung 5.9 cu. ft. Freestanding Induction and Electric Radiant Range

Induction Cooking

Fast and Efficient

Water boils more than 50% faster while using less energy than a radiant cooktop.

Cool

Cookware is heated directly by induction, keeping your cooktop and your kitchen cooler. The cooktop will switch off automatically within one minute if no cookware is placed on it.

Controls

Regulate the temperature with touch control and lighting guide.

Three-Fan True Convection Cooking:

Even cooking with three-fan true convection. Samsung's three-fan true cooking system helps ensure all your baked goods come out of the oven cooked to perfection.

Easy Clean with SteamQuick™:

Steam cleaning gets your oven spotless in about 20 minutes at just 140°F with the push of a button, to save time, energy and money.

Power Consumption:

11,500 W/40 Amperes

Power Source:

240 V/60 Hz

Induction/Radiant Ceramic Cooktop:

- Right Front: Induction 9", 3.2 KW
- Left Front: Radiant 6/9", 3.0 KW—Fast Boil
- Right Rear: Induction 6", 2.0 KW
- Left Rear: Radiant 6", 1.2 KW

Oven:

- Hidden Bake Element: 3000 W (8 pass)
- Bake: 150°F - 550°F
- Convection Bake: 175°F - 550°F
