Performance

- Upfront Electronic Temperature Controls
- 2 Clear Humidity Crispers
- Multi-Air Flow Cooling
- Express Freezing Function
- CustomCube™ Automatic Ice Maker
- LoDecibel™ Quiet Operation

ENERGYSTAR® qualified models use at least 15% less energy than required by current federal standards. LG's Energy Star refrigerators allow consumers to save money, energy and protect the environment.

BOTTOM FREEZERS

It's All About Convenience

Having the fresh food section above the freezer, bottom freezer refrigerators put the food you use most at eye level. The **Swing Door** freezer is well designed with maximum space efficiency and easy roll-out drawers.

Design-A-Door™

Our unique flexible shelving system allows you to slide the gallon door bins horizontally and vertically for infinite organization possibilities.

Electronic Temperature Controls

Provides precise temperature control in the refrigerator and freezer compartments. Located up front, the electronic temperature controls are easy to reach and adjust. There are two temperature adjusters controlling the refrigerator and freezer compartments separately.

Express Freezing Function

Provides accelerated freezing up to 24 hours to produce 6 lbs. of ice (4.5 lbs. without Express Freezing) and lock-in freshness for freezing foods fast.

CustomCube™ Ice Maker

Dispenses ice in three crescent shaped sizes. A perfect fit for any glass.
