PERFORMANCE

- Fully Integrated Ice & Water Dispenser
- Premium Water Filtration System
- Multi-Air Flow Cooling
- Electronic Temperature Controls
- IcePlus™ Accelerated Freezing Function
- Door Alarm
- LoDecibel™ Quiet Operation

REFINED REFRIGERATION

When you consider that a refrigerator is the kitchen appliance you will use more than any other, it makes sense that you want something as stylish as it is smart. This refrigerator more than delivers on both. Sleek lines and contours make it easy on the eyes, while the two freezer drawers provide the ultimate in convenience, organization and easy access.

SpacePlus™ Ice System

LG's SpacePlus™ Ice System is located on the inside door freeing up valuable space in the fresh food shelf compartments.

Double Freezer Drawers

Two freezer drawers provide the ultimate in organization. Leave the pint of ice cream and frozen turkey where they belong. With 2 separate freezer drawers, you have easy, organized access to the things you need often – and ample, lower space for the things you don't.

Integrated Ice & Water Dispenser

The ice and water system features a flush-mount dispenser to enhance the premium styling and provide the safe and clean water you love.
