

## The Best & Longest Warranties in the Industry:

Our commitment to Quality is backed by the longest **In-Home Warranties**.

### Fast and Easy Mounting Systems

Precision engineered five piece systems designed to be fast and easy.

### Vortex Powered, Permanent Magnet Motor

This energy efficient, high speed motor liquifies food waste like a blender. The motor produces more power per pound than any of the competition and virtually eliminates jamming.

### Less Jamming/No Jam Wrench Necessary

Exclusive 180° Stainless Steel swivel impellers reduce jamming and won't leave your customer stuck searching for the jam wrench.

### Corrosion Proof Grinding Chamber

Grind Chamber constructed with the proven durability of glass filled nylon for long lasting performance. Eliminates "Dishwasher Connection Rot."

### Front Mounted Reset Button

You will never need to search for the reset button. It's easy to locate and to engage.

### for Properly Sized Systems

All Disposers are Safe for Properly Sized Septic Tanks.

## Waste King® Legend to ISE® Model Comparison Chart
