

# Cirrus

## POWER PACK HOOD

Cirrus is designed for discreet mounting inside cabinetry above the cooktop. The design is ideal for kitchens where space is limited, or where ventilation needs to be out of sight. Cirrus is available in a 21"-wide model with a 400 CFM blower, which provides adequate ventilating power for most kitchens. Also available are 27"-wide and 33"-wide models which come with 600 CFM blowers. Stainless steel liners ensure a professional fit under cabinetry and optional baffle slot filters offer high performance and the highly desired pro-look. Cirrus is designed for standard ducted installation.

## FEATURES

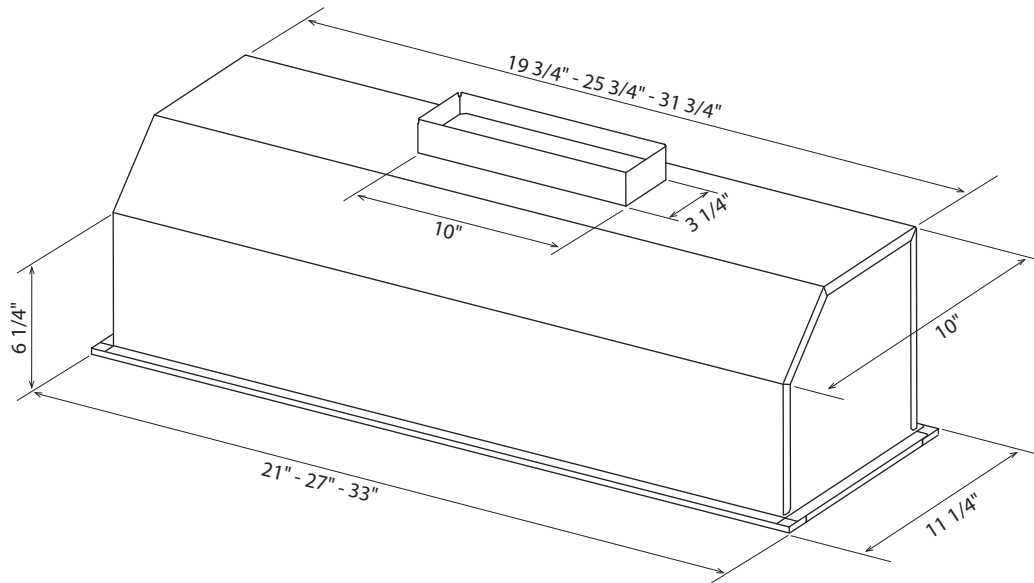

- **Mechanical Push Button Controls**
- **400 CFM 3-Speed Internal Blower**  
(with 21" unit)
- **600 CFM 3-Speed Internal Blower**
