

Orvieto

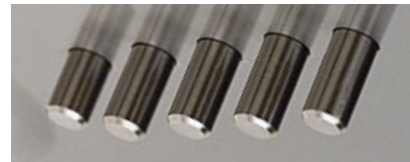

INSERT HOOD (PROFESSIONAL STYLE COOKING)

Orvieto provides professional grade performance, while being discreetly mounted inside cabinetry above the cooktop. Inserts are ideal for kitchens where space is limited, or where ventilation needs to be out of sight. Orvieto is available in 27", 33", and 39" wide models with a 600 CFM blower, or a 45" wide model with 1200 CFM blower for extraordinary ventilating power. Heavy duty stainless steel push button controls operate the 3 speed blower and halogen lighting. Easy maintenance, higher efficiency and a cleaner kitchen are ensured by Elica's patented Baffle Slot Filters, which capture a higher % of grease and hold larger volumes of grease than traditional baffle filters. Stainless steel liners (an available accessory) provide a professional fit and protect cabinetry from heat and moisture. Orvieto is designed for standard ducted installation.

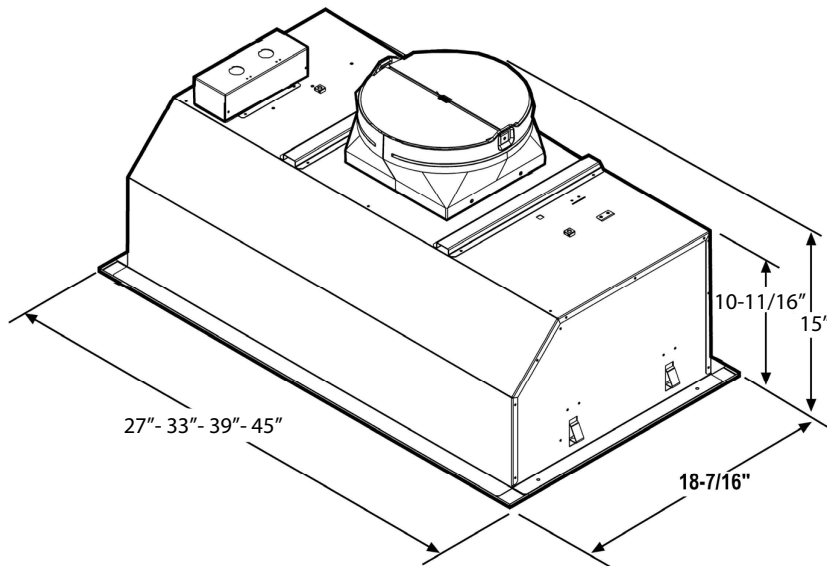

FEATURES

- **Heavy Duty Push Button Controls**
- **600 CFM 3-Speed Internal Blower**
(with 27", 33" and 39" unit)
- **1200 CFM 3-Speed Internal Blower**
(with 45" unit)
- **2 Halogen Lamps** (120V 50W bulbs included)

- **Professional Baffle Filters** (2 with 30" unit, 3 with 36" and 42" units and 4 with 48" unit)
Made of heavier-gauge steel, these top-of-the line filters offer "commercial kitchen" performance and durability. Specially-angled stainless steel "baffled" channels use the force of gravity to collect and move a higher volume of grease than mesh aluminum filters. They also require less cleaning and are unlikely to ever need replacement.
- **10" Round Duct Transition**
- **One-Way No Return Valve** eliminates outside air drafts.

The Elica logo, featuring the brand name in a stylized, lowercase font with horizontal lines underneath, set against a dark background.
