

COOK BETTER. EAT BETTER. TASTE BETTER. LIVE BETTER.

For classic looks with modern features, look no further than the Aga Legacy. Unique gleaming spiral handles set off the curvaceous doors to satisfy the design conscious. A versatile cooktop and flexible electric ovens indulge those with the highest culinary standards. With this bold appearance and contemporary features, it's easy to see why this Aga outlooks *and* out cooks other pro-style ranges.

Legacy

D u a l F u e l L e g a c y

Legacy 44" in Cream

Red carpet looks, pro-style performance.

performance

The Dual Fuel Legacy can bake, broil, steam, stir-fry, roast and boil all at the same time. And look good doing it, too, with these signature features:

Sealed burner gas cooktop

- Offers heat output from 850-15,000 BTU
- Integral 15,000 BTU wok burner
- Field convertible to LPG

Dedicated broiling oven

- 8 pass, 2300 watt element
- Preheats in just 5 minutes

7-Mode Multifunction™ programmable oven

- Convection defrost - fan forced air without heat
- Convection bake - rear 2,500 watt element with fan forced air
- Convection broil - top element with fan forced air
- Fan assist bake - top and base element with fan forced air
- Conventional bake - top and base element heat
- Top brown - top element heat only
- Base heat - bottom element heat only
- Removable HandyRack™ in oven door
- 5 interior oven rack positions

Programmable convection oven

- 2500 watt element with fan
- Can be programmed for start/stop operation
- Key lock safety feature

Convenient storage drawer

- Available in 44" model only

Options

- 5 stylish colours
- Cathedral window door
- Classic Handle

Legacy 36

Legacy 44

Electric Legacy

Legacy 36™ in Black

The only all-electric pro-style range in its class.

all-electric

The Electric Legacy combines clean lines and pure cooking power sure to amp up your cooking with these signature features:

Durable ceramic cooktop with ribbon elements

- Surface element outputs from 1200-2200 watts
- Hot surface indicator light
- Push and turn childproof knobs

Convection Oven

- 2500 watt element with fan
- Programmable for start/stop cooking
- Key lock safety feature

7-Mode Multifunction™ programmable oven

- Convection defrost - fan forced air without heat
- Convection bake - rear 2,500 watt element with fan forced air
- Convection broil - top element with fan forced air
- Fan assist bake - top and base element with fan forced air
- Conventional bake - top and base element heat
- Top brown - top element heat only
- Base heat - bottom element heat only
- Removable HandyRack™ in oven door
- 5 interior oven rack positions

Broiling Oven

- Dedicated oven for broiling
- 8 pass, 2300 watt element
- Preheats in just 5 minutes

Convenient storage drawer

- Available in 44" model only

Options

- 5 stylish colours
- Cathedral window door
- Classic Handle

Legacy 36

Legacy 44

Electric Legacy is not available in Canada.

The Legacy can bake, broil, steam, stir fry, roast and boil all at the same time...
and that's just the hors d'oeuvres!

Control Knobs

Large, chrome accented knobs with childproof, push-to-turn safety feature.

Broiling Oven

This oven may look unassuming, but it features a powerful 8-pass, 2300 watt broiler that's heated and ready to cook in just 5 minutes! The Full Broil mode provides complete coverage using the full eight passes. The Half Broil mode uses the four right-hand passes and is perfect when cooking for one.

7-Mode Multifunction™ Oven

This incredibly versatile programmable oven provides so much flexibility. Turn the convection off, leave it on or go somewhere in between - you tailor the oven's performance to your needs by selecting from the convection bake, convection broil, fan assist bake, convectional bake, top brown or base heat modes.

HandyRack™

A signature Legacy feature! No more pulling out hot, heavy racks to check the temperature of your roast. The HandyRack™ is a removable shelf located in the door of the 7-Mode Multifunction™ Oven. Fitted in one of its two positions, this rack provides safety and convenience, allowing you to place dishes where they are easiest to access.

Cooktop

Choose from a sealed burner gas cooktop with integral wok burner or a durable ceramic electric cooktop with fast heating ribbon elements.

Minute Minder

This integral clock has a timer with a delayed baking feature, allowing you to program when the oven turns on and off. Plus, the key lock prevents little hands from accidentally programming ovens.

Convection Oven

This programmable oven employs true convection, a cooking method that uses a rear heating element and fan forced air that continuously circulates hot air through the cavity, for faster more even cooking. The 44" model boasts a large 2.5 cu. ft. oven. The 36" model houses a vertical oven that features a removable plate warming rack.

plate warming rack

Cooktop Specifications

Form and function working together...
that's the Aga Legacy.

Legacy

Legacy 36"

Legacy 44"

Form: Our signature cooktop design makes the range seem to arc toward you.
