

LCD TV SERIES 4

PRODUCT HIGHLIGHTS

22" LCD HDTV

- Exceeds ENERGY STAR® standards
- ConnectShare™ Movie brings movies home
- Full HD 1080p resolution

A TV that puts the power of movies, videos and more right at your fingertips.

Watch movies, check out videos, view pictures and more on a 22-inch LCD screen – the Samsung LN22D450 LCD TV makes it happen. Samsung's ConnectShare™ Movie technology lets you plug in a thumb drive or other USB device right into the TV, and access a host of media files using a built-in user-friendly menu. Impressive 1080p resolution gives you outstanding image clarity and detail.

LN22D450 22" Class (21.5" Diagonal) LCD HDTV with 1080p resolution.**SPECIFICATIONS**

Clear Motion Rate (CMR) is Samsung's more comprehensive and accurate way of measuring TV motion performance than the previously used Hz measurement. The previous system only measured the refresh rate of a TV panel. A TV's ability to deliver clear motion clarity goes beyond a panel's refresh rate. A CMR measurement is achieved by calculating the TV chipset and the backlight in addition to the panel's refresh rate resulting in a more realistic motion clarity metric. Simply put, the higher the CMR the clearer the picture quality.

Dynamic Contrast Ratio 25,000:1

Full HD 1080p resolution: Experience a greater level of detail and clarity in the picture than you ever thought possible.

Exceeds ENERGY STAR® standards: LCD Energy Efficient, up to 30% less than the latest ENERGY STAR® specification depending on series and screen size in standard mode.

See www.energystar.gov for more details.
