
BERTAZZONI PROFESSIONAL SERIES

30" CERAMIC COOKTOP

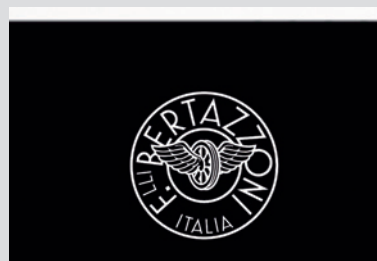

The Bertazzoni Professional series ceramic glass cooktop is available in 30" with 4 heating zones and push & turn surface color coordinated black rubber. The 9" expandable dual zone heating element as well as residual heat indicator lights per zone allow for a high degree of cooking versatility and control. The black ceramic main top features aluminum trims on the front and back side to match other appliances in the kitchen.

CONTROL

Adjust the power level on each heating zone, using the Bertazzoni signature knobs.

CERAMIC GLASS TOP

The elegantly printed Bertazzoni logo stands for durability and quality.
