AGA MARVEL

Professional Styling with European Cooking Technology.

The new AGA MARVEL Professional Series of premium appliances is an amazing marriage of European cooking performance and the elegant, smart design found in today's most striking kitchens. By combining the best of AGA's professional catering heritage and MARVEL's pioneering designs in full size and undercounter refrigeration, we've created a truly unique line of products for the most discriminating homeowner.

AGA ranges are favored by top chefs around the world for their superior performance and cooking control. Our new AGA MARVEL Professional range captures that performance in a beautiful new model created exclusively for this series. And we didn't stop there. Complement your range with sleek and stylish hoods, French door refrigerators, and integrated dishwashers that will take your kitchen experience to a new level. Or for the ultimate in refrigeration, choose from an amazing array of custom built-in refrigeration and wine storage systems and undercounter refrigerators, wine cellars, beverage centers, and ice machines that lead the industry in fit, finish, and performance.

Look to AGA MARVEL for more choices, superior performance, and an unrivaled heritage of quality.

MILESTONES FROM AN AMAZING COOKING AND REFRIGERATION HERATIGE

- 1830:** The Kitchener, the first household range, is introduced, marking what was considered one of the greatest domestic institutions of the 19th century.
- 1890s:** Ranney ice box production begins in Greenville, MI (later to become AGA MARVEL).
- 1922:** Blind Nobel Prize-winning physicist Dr. Gustaf Dalén was inspired to create a better, more efficient cooker for his wife, called the AGA.
- 1965:** Ranney (AGA MARVEL) develops first foamed-in-place refrigerator.
- 1991:** Northland (now MARVEL) introduces the first stainless steel interior and glass door built-in refrigerator for residential use.
- 1992:** Marvel introduces its first premium undercounter wine storage and beverage center.
- 2001:** Marvel introduces the industry-first black interior for wine cellars and beverage centers.
- 2002:** Northland unveils 72-inch wide built-in refrigerator/freezer combination, by far the largest capacity system in the world for home use.
- 2012:** AGA MARVEL introduces the new AGA Total Control range cooker in North America.

AGA MARVEL Offers You More.

More Cooking Performance

The experience of over 100 years of designing the world's best cooking appliances culminates in our beautifully designed ranges. Long favored by top chefs, AGA ranges and cookers bring incredible cooking precision, control, and versatility to your kitchen.

More Refrigeration Options

MARVEL is the premium refrigeration leader. Choose from counter depth and custom built-in refrigerators, an amazing collection of wine storage units, or both indoor and outdoor undercounter refrigerators, ice machines, and beer dispensers. All share our superior fit and finish and commitment to long-lasting performance.

More Style Choices

AGA MARVEL brands offer styles for every taste. Whether you prefer gleaming and contemporary stainless steel, iconic European cookers, or nostalgic country charm, we can help you realize your dream kitchen.

More Quality

How do you define quality? Surveys of luxury products have revealed that AGA is more likely to be recommended to a friend or loved one than any other brand, and ranks consistently at the top of all premium appliance brands. Performance, craftsmanship, and superior design that ultimately leads to years of enjoyment. That's the AGA MARVEL definition of quality.

The New AGA MARVEL Professional Kitchen Suite

Choose from the most complete line of premium undercounter refrigeration products available, including wine cellars, beverage centers, refrigerators, and ice machines.

MARVEL Professional full size wine storage options beautifully display and protect your collection. Available in 18" and 24" column widths, with single and dual zone model options.

THE AGA PROFESSIONAL RANGE

Setting the Standard for Styling, Cooking Capacity and Flexibility.

The new 36" Professional Range from AGA MARVEL combines the best of both worlds... sleek stainless steel professional styling, and cooking performance features found in the finest European AGA ranges.

Peerless fit and finish and finely tuned details ensure the quality oven seal you demand from a professional range.

A powerful five burner gas cooktop and 4.9 cu. ft. self-cleaning multi-function oven delivers more cooking performance than any other range in its class. We know the true home chef requires a wide range of oven conditions, so we packed seven into the AGA MARVEL Professional: **Convection, Browning, Convection Broiling, Conventional, Fan-assisted, Thaw & Serve and Warming.**

Features:

- Three heavy-duty telescoping glide-out oven racks
- Dual-pan broiler system
- True European dual convection
- Convenient storage drawer
- Heavy-duty die cast control knobs
- Extra large oven window

Professional Five Burner Gas Cooktop

Our solid brass burners are equipped with thermocouple safety mechanisms. With one 17,500 BTU center burner, surrounded by three 12,000 BTU burners, and one 6,000 to 600 BTU simmer burner, this cooktop will satisfy even the most demanding chef. Matte finish grates won't discolor, and allow pans to move easily from burner to burner.

Dual Pan Broiling System

The glide out grilling rack with two broiling pans gives you plenty of room to broil steaks and chops to perfection.

Temperature Control and Flexibility

The powerful 17,500 BTU center burner handles large pots with ease and brings liquids to boil rapidly, while the 600 BTU simmer burner provides an extremely gentle flame.

PROFESSIONAL RANGE VENT HOOD

Bring style and functionality to your kitchen with this high-powered professional-style vent hood.

- Three-speed 600 CFM fan, blower included
- Charcoal filters remove cooking odors
- Removable stainless steel filter baffles fit in most dishwashers for easy clean up
- Two halogen lights on underside of hood
- Adjustable duct covers

Built for Performance and Convenience

Individual pan supports and one-piece burner heads enable you to swiftly lift and wipe an spillage with a simple reassembly.

MARVEL PROFESSIONAL SERIES COUNTER DEPTH FRENCH DOOR REFRIGERATOR

Elegant styling and state-of-the-art engineering make this 36" counter depth French door refrigerator the perfect match for your AGA Professional range. A built-in filtered water dispenser, ice maker and electronic touch controls are just a few of the convenience features. Large humidity-controlled crisper drawers keep fruits and vegetables fresh and ready to eat, and the extra large deli drawer has plenty of space for all your meats and cheeses. Adjustable interior shelving and door shelves make storage of all your favorite items easy and convenient.

In keeping with the sleek design, the water dispenser has been discreetly located inside the refrigerator. This internal filtered water system with easy-to-use push button control delivers pure refreshment whenever you want it.

The extra large 5.4 cu. ft. capacity freezer contains an internal ice cube maker. Water for ice is filtered by the internal water filtering system, so that you can enjoy the purest ice possible.

Features

- 19.7 total cu. ft. capacity; 14.4 cu. ft. refrigerator, 5.3 cu. ft. freezer
- Electronic touch controls
- Built-in filtered water dispenser
- Ice maker conveniently located in freezer
- Humidity controlled crispers
- Temperature controlled deli drawer
- Two clear gallon door storage shelves
- Four adjustable glass shelves
- Pull-out freezer drawer
- ENERGY STAR compliant
- Dimensions: 36" W x 69 3/4" H x 26 3/8" D

PROFESSIONAL SERIES INTEGRATED DISHWASHER

This beautifully crafted dishwasher features quiet sound insulation technology and a wide variety of settings that deliver superior cleaning performance while conserving energy. The top rack wash option allows you to wash a few items in the top rack only without waiting for a full load. Optimized spray arms shoot water from five angles to thoroughly clean dishes and silverware. Fully integrated controls are hidden inside the cabinet at the top of the door for a streamlined, professional look.

Features

- Fully integrated easy to use console
- Durable stainless steel tall tub holds up to 15 place settings
- Removable silverware basket can be placed in top or bottom rack or in the door for more flexibility and usable space
- Six cycles for versatile cleaning performance
- Sensors measure temperature soil level and load size to automatically select the right wash and dry settings
- Self-cleaning filter
- Sound-reducing insulation allows you to operate any time of the day or night
- Sliding lower rack tines move left or right to fit dishes and larger bowls
- Dimensions: 23 7/8" W x 33 7/8" H x 24 5/8" D

FULL SIZE BUILT-IN REFRIGERATION

Designed Exclusively For You.

Give your kitchen the individual touch only a custom designed refrigerator can bring. Choose from an almost unlimited array of all refrigerators, all freezers, refrigerator/freezers, wine cellars, and beverage centers. Only MARVEL offers you an extensive choice of widths. Available in 6 inch width increments from 18 to 72 inches, our refrigerators and freezers provide unequalled capacity and food preservation.

The exclusive MARVEL cooling system locates all mechanical components in a separate module above the refrigerated cabinet, providing more usable storage space with easy installation and service. Since no bottom or back venting is required, design possibilities are almost endless.

Make Your Own Statement.

Full size refrigerators and freezers are available with panel overlays to match your custom kitchen décor. Combinations are almost limitless. With your choice of columns or side-by-side configurations in a wide variety of widths, you can design a truly unique and ultimately functional kitchen environment.

No one else can match MARVEL's decades of experience, variety of configurations, and elegant design options.

Uniquely Beautiful, Ultimately Functional.

Stunning on the outside, and packed with performance features on the inside — no one combines form and function like AGA MARVEL. In fact, our full-size built in refrigerators have up to 20% more usable storage space than comparable products. With more capacity, we easily accommodate deeper items like beverage refrigerator packs, deli trays and serving platters that other brands simply can't hold.

The exclusive MARVEL cooling system places mechanical components in a separate module above the refrigerated cabinet for more storage space and easy installation and service.

The roller base enables easy mobility of the refrigerator cabinet. Front adjustable leveling legs allow both the front legs and rear rollers to be adjusted while the refrigerator is in place.

Adjustable, tempered glass shelves are framed to match the interior, in either gleaming stainless steel or arctic white aluminum.

If you prefer the strong vertical lines of a side-by-side refrigerator/freezer, AGA MARVEL has a complete line to fit your lifestyle.

Custom sizes, configurations, and finishes

Let AGA MARVEL column refrigeration take you wherever your imagination leads. Our all refrigerator and all freezer columns are available in 24", 30" and 36" models (18" freezer columns also available). Doors are available with either stainless steel or panel overlay. The all refrigerator is also available in glass with stainless steel wrap. The all freezer features an automatic ice maker. All columns have adjustable shelving, storage bins, daylight interior light, and the AGA MARVEL patented cooling system.

FreshFlo™ freezer shelves facilitate cold air flow, resulting in more even temperatures with less energy consumption.

WINE STORAGE MODELS

You want your wine collection to be carefully and beautifully preserved. Our selection of stunning full-height wine cellars have been carefully designed to showcase and protect your investment. Choose from single or dual-zone models in 75, 98, and 105 bottle capacities. Each wine section has properly canted wine racks to keep corks moist and prevent sediments from resting at the bottom of bottles. Wine racks slide out for easy access. And our exclusive cooling system keeps each section at optimum temperature.

Our wine cellars are available with stainless steel wrap or panel overlay doors and integrate beautifully with your AGA MARVEL ranges, refrigerators, and existing décor.

Trollius ledebourii

Undercounter Refrigeration

The perfect choice for professional-style kitchens.

Quality... you know it when you see it. Clean lines. Elegant styling. Attention to detail and smart design. It just feels right.

This new line of premium, professional-style products is the result of 120 years of leadership in the refrigeration market. You'll see it in accents like the striking stainless steel drawer fronts. You'll feel it in our flawless fit and finish and the smooth, solid mechanics of our drawer glides and door hinge systems. And you'll experience it with advanced cooling systems and controls that keep your wines, beverages, and food at just the right temperature.

Our household products are manufactured to the same stringent standards as those we design for our medical, scientific, and industrial customers. You can be confident that your Marvel is built for long-lasting performance.

Marvel Professional. Built proudly in the USA, and designed for your enjoyment.

EXCLUSIVE FEATURES

Smart and stylish, inside and out.

ABOVE: 24" glass door models can be ordered to accept a wood overlay for seamless integration with adjacent cabinetry.

1 Dual Pane UV-Resistant Glass Doors

Ultraviolet rays can cause wine to age prematurely and damage quality and flavor. Marvel's wine cellar doors are constructed of argon-filled, dual-pane, tinted UV-resistant glass to ensure that your collection is both protected and properly displayed.

2 Vibration Neutralization System™ (VNS)

Marvel's VNS protects wine from damaging vibration without sacrificing cabinet capacity. Our compressors are isolated from the wine storage cavity, and vibration-isolating compressor mounts offer a second layer of protection. In addition, a vibration dampening mat is inserted on each shelf.

3 Close Door Assist

The "Close Door Assist" is designed into our hinge system, and draws the door closed when it is accidentally left ajar.

4 Elegant LED Interior Lighting

Glass door models feature a soft-blue interior accent light for a subtle yet unique presentation of your wine and beverages.

5 Maximum Storage Capacity

Marvel Professional shelves and wine racks are engineered to make the most of your storage space

6 Easy Access

Marvel doors open and close within the width of the refrigerator body and allow a flush fit with adjoining cabinetry. Our specially designed door closer hinge incorporates a physical "stop", preventing the door from swinging past 160°

7 Professional-Style Details

The full-length handle and stainless steel toe kick perfectly complement pro-style ranges, refrigerators and dishwashers.

8 Stainless Door Frame

Stainless steel door frames are embossed and have recessed glass. Wood overlay door frames are also available for 24" glass door models.

9 Stainless Shelf Fronts

A beautiful accent that adds to the professional look and feel.

10 Full Length Glide-Out Shelves. Full extension with smooth and quiet operation.

11 Standard Door Locks (Not available on ice machines)

WINE CELLARS

Marvel pioneered the premium undercounter wine category, and our decades of experience are on display in the Marvel Professional series. Dual Zone model is equipped with our Dynamic Cooling™ Technology for precise temperature control, fast temperature recovery, and ultra-efficient air circulation to keep temperatures even throughout the cabinet. All Marvel Refrigeration wine cellars are equipped with the exclusive Vibration Neutralization™ System™ (VNS) to protect your wine from damaging vibration.

The Marvel Professional Dual Zone is a true dual zone. Two independent compartments, each with their own temperature control, set-point and display allow you to provide either the perfect long-term storage temperature or the ideal serving temperature for both red and white wine in either compartment. The temperature range for each zone is 40°F through 65°F.

24" Dual Zone Wine Cellar

Model No: MPRO6DZE-BS

- True dual zone, with two zones independently controlled and monitored for perfect wine storage
- Audible and visual alarms for door ajar, power outage, and high/low temp for each compartment
- 5.45 cu. ft. interior stores 44 bottles
- Upper zone: 24 bottles
- Lower zone: 20 bottles
- Embossed stainless steel door with recessed glass
- Overlay frame glass door accepts customer supplied wood frame overlay rails, stiles and handles (model MPRO6DZE-BD)
- Dual-pane tinted and UV-resistant door glass protects wine
- Blue LED interior lighting display and temperature controls
- 6 glide-out wine racks with 1" stainless steel fronts
- Standard door locks
- 33⁷/₈" minimum H x 23⁷/₈" W x 23⁷/₈" D
- Height adjustment up to 1" with leveling legs
- Specify right or left hand door swing when ordering
- Three year warranty

24" Wine Cellar

Model No: MPRO6WCM-BS

- 6 glide-out wine racks with 1" stainless steel fronts plus six-bottle wine cradle
- 6.4 cu. ft. interior stores 54 bottles
- Blue LED interior lighting display and temperature controls
- Audible and visual alarms for door ajar and high/low temperature
- Full length professional-style handle and stainless steel toe kick
- Embossed stainless steel door with recessed glass
- Overlay frame glass door accepts customer supplied wood frame overlay rails, stiles and handles (model MPRO6WCM-BD)

REFRIGERATOR/BEVERAGE CENTER

A refrigerator, beverage center, and wine cellar in one elegant package... our most versatile and popular product is a great addition to any kitchen, wet bar, or home office. The half-width shelf allows vertical storage of tall items, and the two full-width shelves convert to wine storage, each holding seven bottles. All shelves are cantilevered and adjustable so you can configure your storage space to suit your needs.

24" Glass Door Refrigerator/Beverage Center

Model No: MPRO6GARM-BS

- Dynamic Cooling™ Technology for accurate temperature control between 35°F and 43°F
- 5.2 cu. ft. interior with adjustable shelves for storage of up to 20 wine bottles or 95-12 oz. cans
- Two full-width adjustable cantilever glide-out shelves
- One half-width cantilever shelf allows for tall and/or open bottle storage
- Black fixed position wine cradle at bottom of cabinet holds six bottles
- Blue LED interior display lighting and temperature controls
- Full length professional-style handle and stainless steel toe kick
- Audible and visual alarms for door ajar and high/low temperature
- Embossed stainless steel door with recessed glass – right or left hinge
- Overlay frame glass door accepts customer supplied wood frame overlay rails, stiles and handles (model no: MPRO6GARM-BD)
- Dual pane tinted and UV resistant door glass protects wine
- "Close Door Assist" hinging system
- Standard door lock
- 33⁷/₈" minimum H x 23⁷/₈" W x 23⁷/₈" D
- Height can be increased 1" with factory installed leveling legs
- Specify right or left hand door swing when ordering
- Three year warranty

REFRIGERATORS

Marvel Professional refrigerators are a marriage of performance and style. Our advanced Dynamic Cooling™ system provides superior temperature control. Even with frequent usage, temperature recovery times are fast and temperatures are consistent from top to bottom. We've designed a shelving configuration that provides unmatched storage capacity and flexibility... you can even store tall 2-liter bottles in the door. And the stainless steel door, toe kick, and professional-style handle are the perfect match for your kitchen suite.

24" Solid Door Refrigerator

Model No: MPRO6ARM-BS

- Dynamic Cooling™ Technology for accurate temperature control between 35° and 43° F
- Blue LED temperature controls
- Audible and visual alarms for door ajar and high/low temperature
- Bright white daylight incandescent interior lighting
- Two cantilever slide-out spill safe adjustable glass shelves and ½ width flat glass shelf to allow tall item storage
- Three door shelves for storage of tall 2-liter bottles
- Full length professional-style handle and stainless steel toe kick
- Solid stainless steel door
- Stainless steel toe kick
- "Close Door Assist" hinging system
- Standard door lock
- 33⁷/₈" minimum H x 23⁷/₈" W x 23⁷/₈" D
- Specify right or left hand door swing when ordering
- Three year warranty

REFRIGERATED DRAWERS

Long-lasting freshness and large capacity – our Refrigerated Drawer units deliver both beautifully. Full extension, self-closing drawer glides give you easy access from above, with everything in view and within easy reach. Extra deep bottom drawers allow most 2-liter and opened wine bottles to be stored vertically. Bright white LED lighting and white interiors provide the perfect environment for fresh food storage, and our Dynamic Cooling™ Technology gives you quick temperature recovery even with frequent usage.

Solid stainless steel doors, two professional-style handles and a stainless steel toe kick complete the professional look.

24" Refrigerated Drawers

Model No: MPRO6RDE-BS

- Dynamic Cooling™ Technology for accurate temperature control between 34° and 42° F
- Extra-deep lower drawer stores most 2-liter and wine bottles standing up
- Solid stainless steel drawer fronts
- Full-width professional-style handles and stainless steel toe kick
- Audible and visual alarms for door ajar, power outage, and high/low temperature
- Self-closing drawer glides prevent drawer bounce back
- Bright white LED interior light
- Blue LED temperature controls
- Standard drawer lock
- Sabbath mode
- 33³/₄" minimum H x 23⁷/₈" W x 24⁵/₁₆" D
- Three year warranty

E-Z Stor organization system keeps food fresh while separating odors and flavors

ICE MACHINES

Simply freezing water will also freeze impurities, altering the taste of any beverage it touches. That's why Marvel Professional ice machines utilize a specialized process that removes impurities during the freezing process. The result is crystal clear, gourmet ice that chills beverages perfectly and preserves their flavor. Marvel's ice machines produce 34 lbs. of ice cubes in 24 hours, and store up to 30 lbs. The stainless steel ice cutter sizes and shapes cubes that cool your beverage quicker while taking less room in your glass.

We've also engineered our Clear Ice Machines to be extremely quiet and dependable. Our newly designed drain pump motor and impeller reduces startup and operational noise, and our sound buffering ice deflector makes Marvel Professional the quietest ice maker on the market.

Clear Ice Machine

Model No: MPRO30iMT-BS

- Stainless steel ice cutter for best-in-class clear ice with consistent cube size and shape
- High efficiency, low maintenance condenser design for built-in (zero clearance) installations
- Produces up to 34 lbs. and stores 30 lbs. of clear ice cubes in 24 hours (ice scoop included)
- Equipped with cleaning mode
- Low noise ice deflector reduces cube impact noise
- Full length professional-style handle and stainless steel toe kick
- Solid stainless steel door front
- "Close Door Assist" hinging system
- 33³/₄" minimum H x 14³/₄" W x 24.0" D
- Available with factory-installed pump - model number MPRO30iMT-BB-P
- Height adjustment up to 1" with leveling legs
- Specify right or left hand door swing when ordering
- Three year warranty

STACKING COMBINATION UNITS

Make maximum use of your entertainment space with these beautiful stacked units. Combine wine cellars and refrigerators to serve your wine, beverages, and food in one convenient and attractive location. Think of it as having all the Marvel Professional style and performance features times two!

Marvel Professional wine cellars include our exclusive Vibration Neutralization™ System™ (VNS) to protect your wine from damaging vibration. Dual zone wine cellars, refrigerators, and refrigerated drawers all incorporate Dynamic Cooling™ Technology for accurate temperature control and quick cooling recovery. And as with all Professional series products, our combination units are backed by a three year warranty.

Dual Zone Wine Cellar/Refrigerator
Model No: MPRO66DZAR-BS

Wine Cellar Features (Top):

- True dual zone with two independent temperature displays
- Provides ideal temperature for both red and white wine in either compartment
- 44 bottle capacity
- Temperature range for each compartment is 40° and 65° F
- Blue LED interior display lighting and temperature controls
- “Close Door Assist” hinging system
- Standard door lock

Refrigerator Features (Bottom)

- Two cantilever slide-out spill safe glass shelves, ½ width flat glass shelf, and three door shelves for maximum capacity and storage flexibility
- Solid stainless steel door and toe kick
- “Close Door Assist” hinging system
- Standard door lock
- Three year warranty

Wine Cellar/Refrigerated Drawer
Model No: MPRO66WDM-BS

Wine Cellar Features (Top):

- Blue LED interior display lighting and temperature controls
- Six glide-out wine racks
- Stores 54 bottles
- Accurate temperature control between 40° and 65° F
