It offers the latest Smart TV** features, so it's easy to enjoy premium entertainment like Netflix, Hulu Plus and YouTube streamed directly to the TV.

PRODUCT HIGHLIGHTS

UHD 4K RESOLUTION

LG ULTRA HD TVs offer 4 times the resolution of Full HD* for an ultra-clear picture, even on large screens.

IPS 4K PANEL

Make any seat the best seat in the house with a clearer and more consistent image at wide viewing angles compared to conventional screens.

10 BIT-COLOR PROCESS

LG's ULTRA HD 4K TV's with 10-bit color depth display over 1 billion colors. That's almost 60x more than TV's with an 8-bit color depth. With so many more colors to express, you'll see a picture that is more detailed and natural.

*4K/UHD content delivery standards still being developed. **Internet connection and certain subscriptions required, sold separately. The Magic Remote does not come equipped with all LG Smart TV enabled TVs and a separate purchase may be required.
