- Shipping weight: 97 lbs.
- Black vinyl clad steel cabinet and door panel
- Door panel size: H 21-13/32" x W 19-13/16"

BENEFITS

- Greater daily ice production capacity. Less affected by warmer ambients. Produces up to 18 lbs. of ice per day in a 70° ambient temperature.*
- Corrosive resistant.*
- Helps keep the door secure when en route. Pre-installed at factory.*
- Ice making and refrigeration in one compact unit.*
- No need for extra fans, air space, or special venting to the outside of the cabin. **Do not obstruct front grille.***
- Easy and inexpensive to install. Only needs 1/4" outside diameter water line connection.*
- Only 2-1/4 gallons of water needed to produce approximately 18 lbs. of ice.*
- Flexible installation capabilities to ensure easy access. With left hand door swing installation, allow for 145° door opening to ensure easy removal of ice bin.*
- Match surrounding cabinets.*
- 2 door shelves with clear bottle retainers for greater storage and easy access.*
- Generous amount of shelving space, easy to clean, helps contain spills.*
