

FRBW52D

67.25" x 23.63" x 25" (H x W x D)

Fully assembled warming cabinet & two-drawer all-freezer stacked combination

Highlights:

Innovative energy-saving design lets the lower freezer power the upper warming cabinet

Perfectly sized with a 24" footprint and flush back design

Frost-free operation ensures minimum user maintenance in the freezer compartment

Digital controls for both units ensure easy temperature management

Product Features:

Slim 24" footprint	Ideally sized for use in space-challenged facilities
Fully assembled	Unit ships completely assembled for easy installation
Energy efficient design	Warming cabinet is partially powered by the lower freezer, offering huge energy savings for your facility by having a single plug appliance serve two functions
Stainless steel exterior	Both cabinets feature a complete stainless steel wrap for lasting durability and easy cleaning
Stainless steel interior (warming cabinet)	Offers lasting durability and improved sanitary conditions
Stainless steel trimmed double pane tempered glass door	Heat-safe door offers a full view of interior blanket inventory
Adjustable cantilevered shelves (warming cabinet)	Top unit offers a variety of interior configurations with flexible cantilevered shelving in chrome
Foamed-in-place cabinet	Ensures the interior is efficiently insulated
Factory installed lock	Warming cabinet includes front lock for added security
