KEY FEATURES

DJ BEAT EFFECTS

Pump up the volume and become your own DJ with DJ Beat Effects. With Dual Jog Dials, you can easily control all the sounds to bring the atmosphere and effects of a real club to your party.

CRYSTAL AMP PLUS

Our Giga Sound System uses the latest Crystal Amp Plus. Filtering out distortion and noise, Crystal Amp Plus will turn your home into an audio studio with high quality sound clarity.

MY KARAOKE

Call your friends and crank up the tunes with the Giga Sound System's Karaoke features. Sing along to your favorite songs or belt out the perfect duet, all with amazing clarity through high quality speakers.

GIGA SOUND POWER

With the Giga Sound System (2300 W), you will experience first hand the superior performance aimed at delivering sound that will bring you to your feet. The enhanced low frequency bass levels and revamped, quick high frequency response produce twice the sound volume and quality, making it the perfect party guest.

TV SOUNDCONNECT™

Minimize clutter by wirelessly connecting your Giga to your TV with TV SoundConnect™. Instantly start enjoying movies and streaming music with more impactful sound.*

BLUETOOTH® POWER ON

Conveniently connect and control all compatible devices with Bluetooth®. The device automatically powers on once it's located through the network.

BEAT LIGHTING EFFECTS

Beat Lighting Effects gives your parties a nightclub feel. With lights that pulse and flow to the beats of music, you'll add premium ambiance to any party.

MY KARAOKE

Call your friends and crank up the tunes with the Giga Sound System's Karaoke features. Sing along to your favorite songs or belt out the perfect duet, all with amazing clarity through high quality speakers.

DANCE TIME

Set up your Giga and let it do the work with Dance Time. Five built in, non-stop music tracks will keep your party going all night while letting you mix it up however you like.

AUDIO

BLUETOOTH®

Seamlessly connect your Giga System with Bluetooth® for complete control and to minimize clutter. Your Giga can function as a Bluetooth® speaker for portable devices so that you can stream music from your smartphone, tablet or computer.

CONNECTIONS

USB 2.0

Get complete access to all your stored audio files from any USB memory drive or external hard drive. This wide range of compatibility allows you to connect and share content via USB.
