Install Notes:

✓ 2 anchor points are located on each side of the doors interior frame (top, bottom, left and right)
✓ Due to wide variance of possible building materials, anchors are not included
✓ When inserting your anchors be sure to use a framing square to ensure the door is not pulled out of square
✓ Additional framing and/or support underneath the rear (hanging portion) of the cabinet is recommended
✓ These specs are accurate but we always suggest having the product physically on site to ensure full understanding of how this product will coordinate with your build
