- Also fits Chef Collection standard models: RF34H9960S4 and RF34H9950S4

Installing Your Top Grille Kit

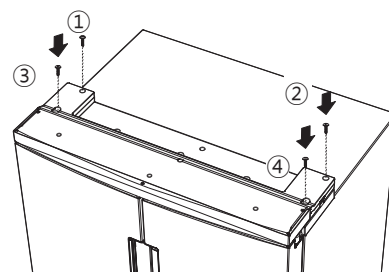

Precautions: Do not use sharp-edged objects to unpack the packing materials. Using those objects may cause scratches on the product. Use caution not to drop the product when moving it.

1. Remove 4 screws (from a total of 6 screws) from the marked areas as shown, and keep them safe for later use. These screws are used to install the Top Grille Kit.

2. Insert the Top Grille Kit into the hinge cover on top of the refrigerator by fitting the holes as shown.

3. Use the removed 4 screws from step 1, and tighten the hinge cover and Top Grille Kit firmly. Use a 2.5" or longer screwdriver as the holes are deeper than they appear.
