## FEATURES AND SPECIFICATIONS

### DISHWASHER

MODEL:  
(DW24)

### COUNTERTOP MICROWAVE

MODEL:  
(MICRO16)

Capacity	14 Place Settings
Cycles	6
Cycles	Tough, Normal, Light, Express Wash, Rinse Only
Cycle Options	6
Energy Guide	270 (kWh/year) – Energy Star Qualified
Warranty	One Year Parts and Labor
Electrical	15 or 20 Amp, 120 V, 60 Hz, AC only.

Capacity	1.6 cubic feet
Output Power	1200 Watts
Cooking Uniformity	13 1/2" Diameter Turntable
Warranty	One Year Parts and Labor
Weight	38 lbs
Electrical	15 Amp, 120 V, 60 Hz, AC only.

**FEATURES:**

- Stamped Metal Body
- Authentic chrome trim
- Whisper Quiet® Plus (46 dBA) Sound Reduction
- Stainless Steel Interior
- Hard food disposer
- 3 Racks
- Energy Star Qualified

**FEATURES:**

With up to 1,200 watts of cooking power, you'll have the power you need to prepare all types of food. Sensor cooking tracks the progress of your food and automatically adjusts cooking time as needed to deliver optimal results. A recessed glass turntable also makes cooking with larger items, like cooking bowls, easy so you can prepare caramel corn, party mix and soups in the microwave.

\* Measured from the lowest point on the underside of countertop.

\*\* Minimum, measured from narrowest point of opening.

\*Microwave can be ordered with or without legs. Height will vary between 13"–15 3/8" depending on selection.

# 30" GAS RANGE FEATURES AND SPECIFICATIONS

Front Burners	15,000 BTU	*Easy to clean Sealed Burner Top
Back Left Burner (Simmer)	6,000 BTU	*Automatic electronic ignition and re-ignition system
Back Right Burner	10,000 BTU	*24" depth for compatibility with standard kitchen cabinetry
Infrared Broiler Rating	15,000 BTU	*Convection fan
Oven Burner Rating	30,000 BTU	*Full Extension oven rack
Electrical Requirements	120 VAC, 15 Amps,	*Heavy-duty, commercial stainless steel construction
*(Unit must be on a non-GFI, dedicated outlet)	Single Phase	*1 year parts and labor warranty
Operating Gas Pressure	NAT: 5.0" WC LP: 10.0" WC	OVEN CAPACITY: The cavity design of the oven provides the most precise temperature control, which delivers even heat distribution resulting in versatile performance. It has the largest oven capacity available on a 30" range and will accommodate a full-size commercial 18" x 26" baking sheet.
Install Clearance:	0" Side Cabinet 0" Back Wall 6" Side Wall	INFRARED BROILER: Because of its popularity in the commercial market, the direct-fired ceramic infrared broiler is standard on all residential ranges. The large burner produces 1850 F of intense, searing heat close to the burner, while effecting a gentler broiling for foods placed farther away. The broiler is fully recessed into the oven's top to create maximum cooking space.

### FULL MOTION GRATES:

Bring sauce to a boil while stirring on a front burner, then slide it to the rear to simmer while you saute up front! Our full motion grates allow you to easily reposition pots and pans from front to rear burners without lifting. The grates are also oversized to accommodate the largest stock pots and saute pans.

# 30" PRO RANGE FEATURES AND SPECIFICATIONS

Front Burners	15-18,000 BTU	*Easy to clean Sealed Burner Top
Back Left Burner (Simmer)	6,000 BTU	*Automatic electronic ignition and re-ignition system
Back Right Burner	10,000 BTU	*24" depth for compatibility with standard kitchen cabinetry
Infrared Broiler Rating	15,000 BTU	*Convection fan
Oven Burner Rating	30,000 BTU	*Full Extension oven rack
Electrical Requirements	120 VAC, 15 Amps,	*Heavy-duty, commercial stainless steel construction
*(Unit must be on a non-GFI, dedicated outlet)	Single Phase	*1 year parts and labor warranty
Operating Gas Pressure	NAT: 5.0" WC LP: 10.0" WC	OVEN CAPACITY:
Install Clearance:	0" Side Cabinet 0" Back Wall 6" Side Wall	The cavity design of the oven provides the most precise temperature control, which delivers even heat distribution resulting in versatile performance. It has the largest oven capacity available on a 30" range and will accommodate a full-size commercial 18" x 26" baking sheet.

### INFRARED BROILER:

Because of its popularity in the commercial market, the direct-fired ceramic infrared broiler is standard on all residential ranges. The large burner produces 1850 F of intense, searing heat close to the burner, while effecting a gentler broiling for foods placed farther away. The broiler is fully recessed into the oven's top to create maximum cooking space.

### FULL MOTION GRATES:

Bring sauce to a boil while stirring on a front burner, then slide it to the rear to simmer while you saute up front! Our full motion grates allow you to easily reposition pots and pans from front to rear burners without lifting. The grates are also oversized to accommodate the largest stock pots and saute pans.
