EVERY ASPIRE GRILL

is engineered, designed and built in Anaheim, California. You'll see the Hestan team's years of experience working with professional chefs reflected in the superior materials, powerful performance and precision control.

The 304-grade stainless steel burner delivers a searing 23,000 BTUs and years of reliability. Double-sided ceramic briquettes capture drippings for sizzling flavor, then simply flip to clean. Dual halogen lighting illuminates the entire grill interior. And spring-assisted hinges make it easy to lift and close the satisfyingly heavy-duty hood.

REFRIGERATION

ASPIRE OUTDOOR REFRIGERATION

is built to entertain in style. The undercounter refrigerator offers precision temperature control from 36° to 64° F, so you can store fresh ingredients or your beverage of choice at its optimum temperature. Chrome-plated adjustable shelves easily accommodate bottles, cans, growlers or large dishes.

The drop-in cooler is thoughtfully designed at bottle depth, so wine bottles can be chilled upright. Exceptional insulation keeps everything ice cold through the night. And condiment trays offer handy storage for chilled snacks and garnishes. Of course, both the cooler and refrigerator are built from 304-grade stainless steel to weather every season – and every party.
