

FDBHI36S

36"Counter Depth 4-Door French Door Refrigerator

Prime Series

Key Features

DuoCooling: Uses two completely separate refrigeration circuits to ensure no air is exchanged between the refrigerator and freezer compartments.

InfinitySpring is a source of fresh, cool drinking water in your kitchen. The water dispenser enables drip-free water dispensing and provides fresh, cold water.

HydroBreeze gives food an additional boost of freshness for a long shelf life –covering fruit and vegetables with a cold mist like a protective balm.

MoodLight enhances your living space with elegant indirect lighting that subtly highlights the recessed freezer drawer grips, creating a distinctive ambience.

Accessories

9882460	FreshAir charcoal filter
